## **WENTWORTHVILLE DAIRY PRODUCT NAMED AUSTRALIA'S BEST**

### ***Ruby and Roy's Passionfruit Yoghurt Divine has just been crowned Australia's Champion Flavoured Yogurt in the 2015 Australian Grand Dairy Awards***

Wentworthville has earned itself a seat at the table of Australia's finest foods, thanks to locally produced Ruby and Roy's Passionfruit Yoghurt Divine taking home the title of Australia's best Flavoured Yogurt in the prestigious 2015 Australian Grand Dairy Awards, announced in Melbourne yesterday.

Now in its 16th year, the Australian Grand Dairy Awards is effectively the grand final of Australian dairy awards, open only to products that have previously won gold at qualifying state-based shows throughout the year.

And, The Fabulous Fresh Brothers, producers of Ruby and Roy's Passionfruit Yoghurt Divine, can be justifiably over the moon with its efforts, having wowed the country's 12 most discerning dairy judges to take out the title.

Chief Judge of the Awards, Neil Willman, said 'divine' is the only way to describe Ruby and Roy's Passionfruit Yoghurt Divine.

"This impressive yogurt has great acidity balances with a natural fruit flavor," he said

Karen Neil, Director at The Fabulous Fresh Brothers, said the honour of being crowned the Champion Flavoured Yogurt, is a reflection of the company's dedication to creating delicious, high quality dairy products.

"We are so excited to be named a winner in the Australian Grand Dairy Awards. Having won gold at state-based competitions we knew we had a fantastic product but to be named the best in Australia is just incredible and we thank Dairy Australia for honouring us," said Karen.

After 55 years of collective experience in the food industry, Karen and husband Simon felt the need for a change and, as a result, followed their desire to produce some of the finest yogurt Australia has ever seen. After countless hours testing and experimenting, they finally came up with the perfect thick and creamy yogurt. These days, people with taste buds of integrity are enjoying their yogurt on a regular basis.

This year's Australian Grand Dairy Awards saw almost 400 products across 20 different classes put through their paces in a rigorous and highly technical judging process by a team of expert judges. Each product was tasted, tested and assessed for flavour, aroma, body, texture, colour and appearance to identify the highest scoring products.

Thanks to this latest win, Ruby and Roy's Passionfruit Yoghurt Divine can now proudly feature the exclusive Australian Grand Dairy Awards medal on its packaging so that all Australians can instantly identify a champion when they see – and taste – one.
